

FIELD TRIAL RISK ASSESSMENT

RISK ASSESSMENT FOR ORGANISED SHOOTING ACTIVITIES INVOLVED WITH FIELD TRIALS AND POINTING TESTS

Risk Assessment By: Coshy Kimberley (Field Trial Secretary)

Risk Assessment Date: 1st October 2022

Next Review Date: 1st October 2023

POSSIBLE HAZARDS

1. Personal injury resulting from the intended or accidental discharge of a shotgun, falling game, noise or blast.
2. Slips and falls on ground that may be wet, uneven, sloping or marshy. Hazards associated with the crossing of water courses, hedges and fences, other natural and man-made obstacles.
3. Injury resulting from direct contact with barbed wire, thorn hedges, low branches or other naturally occurring or constructed features of the landscape and from livestock that may be alarmed or disturbed.
4. Hazards associated with the use of vehicles or machinery on private land or public highways. This is to include crop spraying activities and chemicals that may be associated with this operation.

AT RISK ARE

- Persons using shotguns (referred to as Guns).
- Persons employed or Volunteers or Competitors who collect and retrieve shot game with dogs.
- Those Volunteers, Officials and Judges who are present to run the Field Trial.
- Drivers of vehicles, On-lookers and Members of the Public.

CODE OF PRACTICE TO BE OBSERVED BY FIELD TRIAL PARTICIPANTS

1. The organiser will brief all present before moving off. A copy of this Risk Assessment will be displayed within the Organisation's registration area.
2. **Guns, Competitors, Spectators and Officials are responsible for their own Vehicles on the hosts ground throughout the day.**
3. All persons involved should wear suitable non-restrictive clothing, adequate to provide protection from the elements and stout water-resistant footwear.
4. All Guns must be competent at handling shotguns in a safe manner; must be in possession of a current shotgun certificate and have Public Liability Insurance.
5. **Shotguns and ammunition must not be left unattended under any circumstances. Guns will be told of the host/keeper safety instructions for the day and must abide by them.**
6. A shot should only be taken when it is safe to do so. Guns must be aware at all times of the proximity of those closest to them: other Guns, the Red Flag, Picker-up, Officials, Judges, Competitors and Members of the Public; the location of public footpaths, bridleways, highways and livestock in the vicinity.
7. **In the event of an emergency the trial will be suspended immediately, and all weapons must be unloaded and placed in a safe place.** Should this occurrence be caused by the involvement of persons who are opposed to the activity the Organiser, in consultation with the Chief Steward and Judges, must arrange to vacate the ground without the need for confrontation.
8. All members of the party must respect the property on which they are invited guests, be aware of the local terrain and any likely hazards and conduct themselves in a friendly and environmental way.
9. Members of the Public and Competitors who are not in line must stay behind the RED FLAG at all times and obey the instruction of Officials or Members of the Estate staff.
10. Everybody involved must keep away from agricultural machinery, although it will not normally be working in the areas where the field trial or pointing test is taking place.

If this code of practise is observed, the risk to human health and safety posing possible hazards that may be encountered during this authorised activity are deemed to be low.
